###### 9:30am-12:30pm

- **Lifecasting**
- **Susan Martin Studio**  
Working with a partner of choice in two sessions with a break, following step-by-step guidance by Will, participants will sculpt a plaster bandage mask blank, to be painted and embellished with found 3D objects in a subsequent workshop.

### **12:30pm-2:30pm**

- **Artistic Treasure Hunt with a Boxed Picnic Lunch**
- **The Lodge and the Bluff Trail**

In their free time, participants are encouraged to conduct an informal “Artistic Treasure Hunt” for found objects with which to embellish their painted masks: there is no required number of objects to collect nor any limit; treasure hunters should be guided by what is aesthetically pleasing to them, and by how their collected objects will reinforce the embodiment of the Mythic Persona.

### **2:30pm-5pm**

- **Personal Storytelling & Mythic Persona Poetry**
- **Fireside Lounge**

Participants will be invited to share a brief personal story exploring what drew them to Sea Ranch as a place to call home; building on that, Will guides a ten-step writing game that gives a voice and a life story to the Inner Mythic Persona: the “Super You” who dwells within each of us, and whom our masks will be painted and embellished to embody.

- **Free Evening on Own**

### **SUNDAY, March 26**

- **Breakfast on Own**

### **9:30am-12:30pm**

- **Mask Painting & 3D Embellishment**
- **Susan Martin Studio**

Using paint and brushes provided by Will, participants will paint their masks to represent the “Super You” embodied in their Mythic Persona Poems; using 3D materials collected on the Artistic Treasure Hunt and tools provided by Will, participants will have the opportunity to sculpturally enhance their mask art and will be able to make the mask wearable.

### **12:30pm – 2pm**

- **Free Time**
- **Boxed Picnic Lunch**

### **2pm-3pm**

- **Circle of Celebration**
- **Black Point Beach**

Culminating our shared adventure in the incomparable beauty of the natural Sea Ranch environment, participants will be invited to share informally their work-in-progress with the “tribe”: putting the mask on and performing the Mythic Persona Poem; speaking about personal high points and moments of transformation from the journey; or simply “showing and telling.”

- **Weekend Conclusion**
